## TOWN WARRANT

---

*To the Inhabitants of the Town of Mason, in the County of  
Hillsborough, in said State, qualified to vote in  
Town Affairs:*

You are hereby notified to meet at the Town Hall in said Mason on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To choose two trustees of the Boynton Common School Fund for four and five years respectively.
4. To choose three trustees of the Stearns Common School Bequest for one, two and three years respectively.
5. To choose one trustee of the cemeteries for three years.
6. To choose one trustee of the Mason Public Library for three years.
7. To see what sum of money the town will raise and appropriate for repairs of highways and bridges.
8. To see what sum of money the town will raise and appropriate for library purposes.
9. To see what sum of money the town will raise and appropriate for care of cemeteries.
10. To see what sum of money the town will raise and appropriate for Memorial purposes.

11. To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

12. To see if the town will raise and appropriate the sum of \$200.00 for White Pine Blister Rust control to be spent in cooperation with the State Forestry Department.

13. To see if the town will vote to make any discount on taxes if paid on or before June 16, 1934.

14. To see if the town will raise and appropriate the sum of \$125.00 for street lighting.

15. To see if the town will authorize the Selectmen to administer or dispose of any real estate acquired by the town through Tax Collector's deeds.

16. To see if the town will raise and appropriate the sum of \$125.00 for a new snow plow.

17. To see if the town will raise and appropriate the sum of \$50.00 for fire equipment.

18. To see what action the town will take in regard to the purchase of snow fence.

19. To see if the town will vote to accept the provisions of the state law necessary to receive the benefit of the aid of the state for state road construction.

20. To see whether beer or other lawful alcoholic beverages shall be manufactured or sold locally as permitted under the state laws.

21. To hear reports of agents, auditors, committees and officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seal, this twenty-seventh day of February, in the year of our Lord nineteen hundred and thirty-four.

ALBERT C. WHITAKER  
STANLEY A. FLAGG

*Selectmen of Mason*

	<hr/>	\$77 00
32 ft. of cement culvert at 54c.		\$17 28
		<hr/>
Total for year		\$1,272 92

Believing that there were more miles of road in No. 2 section of the town than in either No. 1 or No. 3 sections the road agent of No. 2 section requested a resurvey of town roads. The result of the resurvey showed the division of roads as follows:

Section No. 1—11.45 miles

Road Agent, Guy Washburn

Section No. 2—17.85 miles

Road Agent, Carl Valyou

Section No. 3—15.25 miles

Road Agent, Harold Miller

On account of the fact that there was an equal amount of money apportioned to the three unequally divided sections the road agent of No. 2 district requested either a reddivision of the roads, or a re-apportionment of the money to be expended on these roads.

By arbitration the town roads were reddivided as follows:

Section No. 1 14.90 miles

Section No. 2 14.40 miles

Section No. 3 15.25 miles

The absorption by the N. H. State Highway of approximately five miles from Sections No. 1 and No. 3 in the near future will nearly equalize the road mileage of these three sections.

Respectfully submitted,

CARL VALYOU

## REPORT OF LIBRARIAN

During the past year fifty-nine books were added to the library—of these seventeen were purchased, thirty-six were given by the State Library Commission of Concord, one by Mrs. Mary Tarbell, four by Doris Flagg of Hollis in memory of her grandmother. Manchoukas was received from the author, K. K. Kavakani.

The library subscribed for Popular Mechanics Magazine. The Troubadour is sent by the publishers and The Townsend Times by the editor.

In July Miss Dorothy Annable of the State Library Commission spent a day at the library sorting and rearranging the books. In August Miss Annable and Miss Fardon came for a day explaining and showing the method of book mending.

1321 books were taken out in 1933. 268 books were discarded. 50 books were loaned for a period of five months by the State Library Commission. Total number of books now in Library, 2709.

## SCHOOL WARRANT

---

*To the Inhabitants of the School District in the Town of Mason qualified to Vote in District Affairs:*

• You are hereby notified to meet at the Town House in said District on the thirteenth day of March, 1934, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will vote to authorize the School Board to enter into a new contract with the town of Ashby, Massachusetts, for tuition of pupils attending the Ashby High School, at the rate of \$90 for school year per pupil.

Given under our hands at said Mason this 26th day of February, 1934.

## Budget of School Board

### 1934-1935

Estimated expenditures for the school year beginning July 1, 1934, and ending June 30, 1935, and recommendations of sums to be assessed for the support of schools, including statutory requirements:

#### ESTIMATED EXPENDITURES

Teachers' salaries, including music supervisor	\$2,600 00	
Text books	25 00	
Scholars' supplies	75 00	
Flags and appurtenances	10 00	
Other expenses of instruction	30 00	
Janitor service	150 00	
Fuel	115 00	
Janitors' supplies	40 00	
Minor repairs and expenses	50 00	
Medical inspection and health	50 00	
Transportation of pupils	1,950 00	
	<hr/>	\$5,095 00

#### ESTIMATED REVENUE TO MEET THESE ITEMS, FROM SOURCES OTHER THAN TAXATION

State aid	\$2,935 69	
Dog tax	150 00	
Elementary school tuition	27 00	
	<hr/>	\$3,112 69
Balance, to be raised by taxation		<hr/> \$1,982 31

(Note: A tax of .005 on the equalized valuation is necessary to qualify for state aid, which is \$1,566.96.)

ADDITIONAL SUMS RECOMMENDED TO BE RAISED BY TAXATION,  
INCLUDING STATUTORY REQUIREMENTS

For salaries of district officers	\$102 00	
For superintendent's excess salary	125 00	
For truant officer and school census	5 00	
For expenses of administration	100 00	
For per capita tax (statutory)	110 00	
For high school tuitions (statutory)	1,370 00	
	<hr/>	\$1,812 00

ESTIMATED REVENUE TO MEET THESE ITEMS, FROM  
SOURCES OTHER THAN TAXATION:

Income from trust funds	\$900 00	
	<hr/>	
Balance to be raised by taxation	\$912 00	
	<hr/>	
Total amount recommended to be raised by taxation, including \$5 tax and statutory requirements		\$2,894 31

*School Board*

## Report of Superintendent of Schools

*To the School Board and Citizens of Mason:*

I respectfully submit herewith my eleventh annual report.

### SCHOOL ORGANIZATION

The teaching staff at Mason Centre remains the same as in the last two years. At the Number Six School Miss Marjorie Hutchinson, after four years of unusually satisfactory service, accepted a position in Greenville. In her place we secured Miss Laila Johnson, who was graduated from the Plymouth Normal School two-year elementary course last June with an excellent record. The music supervisor this year is Miss Elsie Wheeler of Greenville who completed the three-year music supervisor's course at Keene Normal School last June. She was our music supervisor for one year a short time ago and has had excellent training.

The statistical tables at the end of this report are for the complete school year 1932-1933 and for the Fall Term of 1933. As compared with previous years, the enrollment shows very little change, the attendance has been uniformly high and last year was somewhat above the state average, and the record of tardiness has been very good at the Centre School but rather high at Number Six. This year, up to Christmas vacation, there had been but one case of tardiness at the Centre and five at Number Six.

### SUPERVISION

In several of my earlier reports I have given in some detail statements of certain phases of my supervisory activities and I have spoken particularly of the use of standardized tests to measure the progress of the children in various subjects. The reading tests described in last year's report have been continued and the children have shown even better results than were reported at that time.

The Stanford Achievement Tests have been used for a period of five years, every child in grades three to eight taking this battery of tests at least once each year, generally in October, and those children who do not appear to have made satisfactory progress in the Spring have been examined a second time.

The scores of these tests are stated in terms of letters A, B, C, D, and E and we expect in the long run to find approximately 7 per cent of the children getting ; 24 per cent B; thirty-eight per cent C; twenty-four per cent D; and seven per cent E. Last October the scores for the twenty children taking the test at Mason Centre showed ten per cent getting A; forty per cent B; twenty per cent C; twenty-five per cent D; and five per cent E. Of the ten children at Number Six, twenty per cent had A; fifty per cent B; twenty per cent C; ten per cent D. This indicated that the advancement of the Mason children, so far as it is measured by these tests, is well above average.

#### MEDICAL INSPECTION

The medical inspection last Fall was conducted by Dr. Pease of Greenville with the assistance of the nurse, Mrs. Gilbert. The nurse has completed the examination by weighing and measuring and testing the eyesight of each child. Her illness at the present time makes it impossible to give a more detailed report of the examination and her follow-up plans.

#### HIGH SCHOOL TUITION

Perhaps a statement regarding the legal provision for high school tuition will be of interest. The state law as amended from time to time by the legislature up to and including the session of 1933, provides that a school district having no high school of its own shall pay the tuition of any child who resides in the district with parents or guardian (or has resided in the district without parent or guardian and attended the district schools for two years or more) at any New Hampshire approved High School or Academy. The District is not liable, however, except under contract, for a rate of tuition higher than the average cost of high school instruction in the state the preceding year. A school district may authorize its School Board, with the approval of the State Board of Education, to make a contract for a higher rate of tuition with any high school or academy in New Hampshire, or with a high school or academy in another state when such a school is more accessible because of distance or transportation facilities.

No contract is necessary with Appleton Academy, since their tuition rate is now determined by the state average cost of instruc-

tion. Contracts have been in existence for a number of years with the High Schools of Ashby and Townsend. The contract with Townsend for several years has been at the rate of \$105, and has just been renewed at the rate of \$100. The rate specified in the Ashby contract hitherto has been \$75, but we have been notified by the Ashby School Board that beginning next September the rate will be \$90. This requires a vote of the District authorizing the School Board to make a new contract with Ashby, and this action may be taken under a special article in the School Warrant this year.

#### BUDGET FOR 1934-1935

The budget presented this year calls for a further reduction in teachers' salaries, a reduction of five per cent having been made this year. The increase in the transportation item is due to the establishment of a new route on the Brookline road, which will doubtless have to be continued next year. The increase of \$320 in the estimated amount required for high school tuition is due, in part to an increase in the number of pupils expecting to attend high school next year, and in part to the increase in the rate at Ashby High School as noted above. There are minor changes in some items in the budget where the cost is tending to increase.

The large increase in the amount recommended to be raised by taxation, over the amount recommended last year, is due to the following facts.

1. The actual cash balance last June was \$197.89, with \$650 of the appropriation still due, also two years' dog tax amounting to \$333.16. These sums together made \$1,181.05 actual balance on hand at the beginning of the current year.

2. \$558.45 of this balance was applied in the budget last March to reduce the amount of the appropriation.

3. In effect, \$300 more of this balance was applied to the reduction of the appropriation, when the district voted to appropriate \$1600 in place of the recommended \$1900.

4. This left us with an actual working balance of only \$322.60, and before schools opened in September we were confronted with the necessity of establishing a new transportation route for children on the Brookline road, which added approximately \$320 to our expenses this year.

5. Because of these facts we shall have no balance at the end of this year to apply in reducing the appropriation required for 1934-1935.

By way of further explanation of the budget, let me call attention to the grouping of the items. The first group, totalling \$5,095, includes all of the items that are covered under the law by the following amounts: the \$5 tax, the state aid, and the income from elementary tuition. The dog tax may be applied to this group or the one following.

The second group is made up of:

a. two "statutory" items which the law requires the Selectmen to assess as estimated by the School Board—per capita tax and high school tuition;

b. "the Superintendent's excess salary," which is determined by the joint School Boards of the Supervisory Union;

c. three items which are determined by vote of the School Meeting—that is, amounts to be paid the school officers, cost of school census, and the amount allowed for expenses of administration.

The income from trust funds may be applied toward this second group of items.

### TRENDS IN EDUCATION

The effect of the depression upon the schools has been less severe in New England than in any other part of the country. The primary reason for this is doubtless the fact that the depression itself has been less severe here. However, it may be that New England people are more determined to provide adequate education whatever the cost may be, within reason.

General education of all the people is intimately related to their individual success and happiness and to the prosperity and security of the country. We can accumulate wealth and pass it on from one generation to the next, and to some extent this is true of physical health and mental ability, but we can not bequeath an education to our children. The most we can do is to provide them with the means for an education. Of necessity some economies must be made, but the schools ought to be the last to feel the real pinch of economy and the first to benefit by a returning wave of prosperity.

There is a deeper significance in the present situation than the mere reduction of costs, essential as that may seem to us now.

Society is undergoing some fundamental changes and these must be reflected in education if the coming generations are to receive the proper training for future social conditions. The happiness and prosperity of our successors in their time will depend upon their education and training, not only for their personal living and occupational pursuits, but in their choice of leadership and their cooperation with others in sustaining intelligent and beneficent government.

Amongst all the facts and knowledge that we must pass on to our successors none is more important than the fact of change. In the field of human affairs, as distinguished from fixed physical facts, nothing is changeless and the speed with which changes take place is ever increasing. Only a few generations back our forefathers could pass on to their successors great bodies of knowledge with the assurance that most of it would remain as solid fact, but today we are confronted with the certainty that much of what we teach our children will be changed when they have grown to maturity. Our successors must not only know this fact, but they need to be so trained in habits of thought as to be able to adapt themselves to change and to do their part in cooperation with others in the control of the effects of change.

Necessarily this argument applies more to the field of what we call secondary education than it does to elementary education, for it is at the high school age that youth becomes susceptible to training in methods of thought and study, and it is at this time rather than later in life that habits of reasoning can best be developed in place of prejudice. From this point of view many are now saying that our high school programs of study are ill adapted to the needs of our young people. Much study is being given to this by leading educators and laymen, and it appears that we shall shortly be making changes in the direction of substitution of more material in the social science fields for some of the subjects now given greater emphasis.

In closing, I am again happy to express appreciation for the support and interest in all of my endeavors to be of service in my capacity as Superintendent of Schools.

VERNON S. AMES
